BACKGROUND → I have lived and worked in Southern California since 1962, but may be best remembered as the owner of "Pastries By Nancy" in Altadena. I have been married for over 25 years to Daniel. We have two wonderful daughters, Rachel and Ariel. Let's not forget the two rescued dogs, Jake and Patch. My ability to listen, research your needs and attention to detail are what sets me apart from others. My education and work background/training enables me to provide you with: 1) communication skills, 2) power to negotiate on your behalf, 3) timeliness on all you projects whether a buyer or seller and 4) accountability to you!

SPECIALTY → I am a Residential Specialist and a certified Seniors Real Estate Specialist. I also specialize in "short sales" to help those who have been affected by the recent changes in the market.

PERSONAL TOUCH → "I come to you with creativity and will think outside the box to help you with your dreams! Not only will I meet your needs, but I will assist you with all your future needs. I say, "Let's work together as a team".
